**ORDER TO ENFORCE CONSENT DECREE**

This case is before the Court on plaintiffs’ Emergency Motion to Enforce Consent Decree. Under the Consent Decree entered by this Court on November 18, 2005, defendant state agencies are required to provide members of the plaintiff class, which consists of all children in Cook County who are beneficiaries of the Medicaid program, with access to health care services and treatment to the extent required by the federal Medicaid Act. The State of Illinois has failed to pass a Fiscal Year 2016 state budget prior to the start of FY16 on July 1, 2015, and the budget impasse continues to this day.

All parties having received notice and the Court being duly advised in the premises,

In order to enforce the consent decree, IT IS HEREBY ORDERED THAT:

The State of Illinois shall make all Medicaid payments for claims properly billed on behalf of Medicaid providers serving members of the Plaintiff Class, including capitated payments to managed care entities that have enrollees in the Plaintiff Class, that would have been paid in the absence of the budget impasse on July 1, 2015, and to continue to make timely and

scheduled Medicaid payments in compliance with applicable federal law, until the budget impasse is resolved.

Dated: July 24, 2015
