

CYBERATTACK

November 6, 2019 | 10 am – 1:30 pm

 Interactive Live Webinar

IHA's exercise offers prevention strategies and methods to prepare for system failures and potential evacuations of vulnerable populations.

Designed for

- ▶ Clinical Engineering
- ▶ Emergency Preparedness
- ▶ Facilities
- ▶ Finance
- ▶ Food and Nutrition
- ▶ Hospital Operations
- ▶ Information Technology
- ▶ Legal
- ▶ Nursing
- ▶ Media Relations
- ▶ Pharmacy
- ▶ Risk Management
- ▶ Security
- ▶ Other members of the Incident Command Team

What you'll learn

From ransomware to phishing scams, cyberattacks come in many forms. We'll cover all the bases so you can reinforce your plans and evaluate your ability to recover and protect infrastructure. Emergency management experts will help you review your intra-hospital and inter-hospital communications strategies, as well as your ability to maintain continuity of care in the event of an attack.

Benefits for your hospital

- ▶ **Strategies to enhance your ability to comply with hospital, system or regional demands**
- ▶ **Lessons on preparing for and responding to incidents that stress daily operations**
- ▶ **Assistance in meeting CMS' requirement for exercise participation**

The Illinois Health and Hospital Association (IHA) is authorized by the State of Illinois Department of Financial and Professional Regulation (license number 236.000109) to award up to 3.5 hours of nurse continuing education credit for this program.
