

August 24, 2017

The Department of Healthcare and Family Services (HFS) has issued a corrected ACA FFS payment report for August through October, 2017. Following a review of the August through October ACA FFS payments that were published to the HFS website on August 15, 2017, HFS determined that there was an error in the calculation. [Click here](#) for the corrected report.

As these payments are determined quarterly and paid across three months, the Department will adjust the amount of September's payment to account for the over/under payments made in August. A file that displays the difference between the correct August amount, the actual amount paid, and the resulting September payment amount has also been posted to the website. [Click here](#) for September payment report. The October payment will be consistent with the monthly amounts listed in the corrected August through October file.
