

## Commitment to Participate in IHA Clinical Services

\_\_\_\_\_ (“Member”)

*(Insert Organization Name)*

By signing this Commitment Form, your organization commits to participate in IHA’s 2017 Clinical Services as a registered subscriber. You understand that while IHA encourages your participation, to make the program meaningful IHA can only provide the 2017 Clinical Services if a sufficient number of IHA members commit to be registered subscribers.

Programming will run from April 1, 2017 to March 31, 2018. Registered subscribers will be able to participate in the 2017 Clinical Services subscription portfolio, which is focused on enhancing care coordination. For a flat fee, your organization will have access to programming designed to complement the strategic interests of IHA members in the following areas:

### **Advancing Integrated Behavioral Health**

This learning network will enhance organizational awareness of the connection between behavioral health, physical health and care needs related to socio-economic status, particularly among high utilizers of the emergency department (ED).

### **Enhancing Emergency Preparedness**

This highly regarded educational series includes a virtual Emergency Preparedness Exercise to meet the Centers for Medicare & Medicaid Services requirement that hospitals participate in preparedness exercises in a community-wide setting. Additional programming addresses timely topics of responding to an active shooter and preventing workplace violence.

### **Restructuring Team-Based Care**

This interactive forum will foster stronger collaboration through strategies to effectively utilize physicians and Advanced Practice Providers in a team-based setting.

Additionally, you and your teams will have the opportunity to access:

- An array of innovative programming that aligns with diverse teams of healthcare professionals;
- Flexible program formats—in-person, webinars and on-demand—that can be experienced by teams or by individuals;
- Event locations statewide to accommodate all IHA members; and
- Engaging networking forums, held both in-person and virtually.

The 2017 fee schedule is based on the number of beds in a hospital.

BEDS	FEE
0 – 49	\$1,800
50 – 99	\$2,400
100 – 199	\$3,600
200 – 399	\$4,800
400+	\$5,900

IHA’s offer of the Clinical Services is contingent on a threshold of registered subscribers. IHA will invoice your organization mid-spring for a one-time non-refundable fee based upon the fee schedule.

Participation by those who commit will enrich the program; therefore, participants must commit through the end of this year. You can only terminate participation if you tell IHA that it failed to meet its program commitments and IHA does not correct the failure within 30 days.

**Commitment:**

I am authorized to commit my organization to join IHA’s Clinical Services for 2017 and agree to be invoiced by IHA for the program. I understand that participation in programming requires our staff members to register individually for each portfolio offering.

On behalf of the Member (CEO, CMO, CQO or CNO signature required):
