HFS has posted a new provider notice regarding Chapter 100, Handbook for Providers of Medical Services, General Policy and Procedures – Reissue.

Renal Dialysis Add-On Payment Retroactive to Dates of Service Beginning July 1, 2015
As a result of Public Act 100-23, Medicaid add-on payments to hospitals and freestanding dialysis facilities previously established under 89 Ill. Admin. Code Section 148.40(g) will be restored retroactively to dates of service beginning July 1, 2015.

The add-on payment is $60.00 per treatment day and is applicable for all of the renal dialysis revenue codes covered by the Department. The add-on payment is not subject to SMART Act (Public Act 097-0689) rate reductions, nor does it apply to Medicare crossover claims or claims for a participant in the State Chronic Renal Disease Program.

The Department will make payments directly to providers for all retrospective payments which is outlined in the notice.

Self-Disclosure Protocol
As a result of Public Act 097-0689, referred to as the Save Medicaid Access and Resources Together (SMART) Act, HFS is required to establish a protocol to enable healthcare providers to disclose an actual or potential violation of Medical Assistance (Medicaid) program requirements. The Department Office of Inspector General (the OIG) “self-disclosure protocol” establishes a voluntary disclosure process that providers may utilize upon detection of receipt of an overpayment from the Department. The self-disclosure protocol will also assist providers to comply with overpayment detection and repayment obligations under the federal Patient Protection and Affordable Care Act. View the Self-Disclosure Protocol notice.
